Conditions, limits and the path to a claim

03 APPLICATION + CONDITIONS

Residential use in a controlled environment

THE ROOM IS PART OF THE WORK.

This warranty applies to single-family residential applications that have and maintain a regulated, climate-controlled environment. Failure to regulate heating, cooling, or humidity may result in product failure or warping. Coverage may be void where climate-control misuse, abuse, improper care, handling, storage, or installation is determined.

ENVIRONMENTAL CONTROL

01 Regulate heating, cooling, and humidity.

02 Care, handling, storage, and installation matter.

04 LIMITS + EXCLUSIONS

What is not covered

The limited warranty is restricted to the value of the kitchen or millwork part deemed defective under Old Salt handling and care recommendations. It does not apply to altered cabinetry or to natural wood characteristics and changes caused directly or indirectly by sunlight, artificial light, extreme temperatures, water contact, cleaning chemicals, or normal wear and tear.
